Subject: information for NRRB

Hi Sean. I know this is a ways off, but the 5 Tribes are wondering when EPA is planning to share with partners the information we'll need to develop comments to the NRRB, which I understand will include some sort of conceptual-level description of the proposed remedy (along with the draft FS).

You may be planning to include this information in the forthcoming revised schedule, but in the meantime, I would appreciate it if you could let me know EPA's target timeframe for getting us NRRB materials.

Thank you.
